## Pharmacy Refrigerators

Pharmacy refrigerators provide safe storage for vaccines, insulin, laboratory samples and pharmaceuticals. They maintain an internal air temperature between +2/+8°C with forced-air cooling for temperature stability and rapid temperature recovery after door opening.

### Features

- Lockable doors
- Fully automatic defrosting
- Reversible doors (PE202, 502, 902)
- Easy clean membrane control panel
- CFC free, HCFC free
- Stainless steel interior and lockable castors (PE1602)
- Wall mounting brackets (PE102)

### Options

- Glass door with internal illumination available
- 7-day temperature chart recorder
- Wall mounting brackets (PE202)
- Castors (standard on PE1602)
